INTERVIEW SUMMARY

Assistant Commissioner for Patents  
Washington, D.C. 20231

The Examiner is thanked by Applicant's Representative Victoria Sandberg for the telephone interview of December 30, 2002. All pending claims (claims 44-48, 50-54 and 56-60) were discussed.

The Examiner indicated the claims 50-54 were allowable, and inquired whether Applicant's Representative would authorize an Examiner's amendment cancelling claims 44-48 and 56-60.

Filing Date: 14 January 2000

Title: COMPOSITIONS AND METHODS FOR NONENZYMATIC LIGATION OF OLIGONUCLEOTIDES AND DETECTION OF GENETIC POLYMORPHISMS

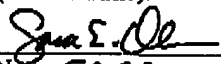

States Patent and Trademark Office on December 20, 2002.

As it is December 30, Applicant's Representative was unable to reach the parties who need to be consulted prior to cancelling any claims in this matter. These parties should be reachable the week of January 6 if the Examiner wishes to delay action on the matter. However, Applicant's Representative believes that claims 44-48, 50-54 and 56-60 are all allowable over the art of record and submits that the record supports issuance of a Notice of Allowance as to all the pending claims.

Please direct any inquiries to the undersigned attorney.
